Fauci privately warned of miscarriage risk linked to COVID vaccine while publicly claiming no issues, newly released texts show

Even today doctors are being very well paid to jab pregnant women. They know exactly what they are doing but are hooked on the money.

"hooked on the money."

What other conclusion can you come to?

They certainly aren't stupid, over "educated" maybe. But still, have they got completely unenquiring minds? Hard to believe for many of them. They must surely KNOW

So classic inversion then, the exact opposite of their true role. Satanism in action

We live in a Satanic Matrix, but we don't have to support it do we? Which Matrix institutions are left that are NOT Satanic? Precious few
